

Choice makes the difference in all of us.

All we really have are our Choices and our Attitude. However, since Attitude is a Choice,

What's left, but to choose....?

FORWARD FOCUS	Versus	BACKWARD FOCUS
How it can be done	Versus	Why it can't be done
What's working	Versus	What isn't working
What's right	Versus	What's wrong
How am I part of the solution?	Versus	Ruminating on the problem
What do I want to achieve?	Versus	Who's to blame
Making something happen	Versus	Making excuses
Being Accountable	Versus	Being a Victim

You're Branded?		You're Branded?	
Positive	Energetic	Negative	Apathetic
Hopeful	Concerned	Cynical	Indifferent
Self-reliant	Motivated	Helpless	De-motivated

ARE YOU A PLAYER?	OR A BYSTANDER?
Who is alive	who is a victim
and engaged	a dead person
Making a difference	working
